

Service Learning Mini-Grant 2021-2022

School District	Project Name	Project Description
Cassadaga Valley Central School	Cassadaga Cares	Students create cards and signs for local firefighters and volunteers. They will learn communication and organization skills, create crafts to be given in recognition of service within our community.
Cassadaga Valley Central School	Cougar Nation	Students create cards, signs, and positive messages to help promote an understanding of mental health concerns. Students learn techniques to deal with stress, loneliness, and confrontations.
Cassadaga Valley Central School	Caring Builds Connections	Students will send cards and gifts to veterans and nursing homes. They will build social, communication, and teamwork skills.
Chautauqua Lake Central School	GIS for Chautauqua Community Projects	Students will gain experience and instruction using GIS software and concepts. The GIS maps would be given to Chautauqua Watershed Conservancy, Chautauqua County Visitors Bureau, and Chautauqua Institution as property for use in ways that best suit their organization.
Chautauqua Lake Central School	Bridges to the Community	Students from engineering design and outdoor education classes will design and re-construct worn out bridges on the school's nature trails for students and community members to utilize safely.
Chautauqua Lake Central School	Botanical Experts	Students construct several pollinator gardens across the county that are available for public use and education opportunities. Students will learn the skills and techniques for exceptional horticultural design and execution from experts in the field.
Dunkirk City School	Kids Caring for Kids	Students will create a fundraiser to put together comfort packages for CASA to ensure each child who enters foster care receives something new they can call their own. Students will learn about the foster care system through CASA.
E2CCB LoGuidice Center	Helping Disadvantaged Children Sleep Better	Students from construction trade program, alongside veterans, will assemble top-notch bunk beds. They will partner with Fredonia First United Methodist Church and Partners in Kind to identify children in need and to obtain bedding.

E2CCB Maple Ave	Helping Disadvantaged Children Sleep Better	Students from construction trade program, alongside veterans, will assemble top-notch bunk beds. They will partner with Fredonia First United Methodist Church and Partners in Kind to identify children in need and to obtain bedding.
Fredonia Central School	Charcuterie Board Fundraiser	Students in technology class will create charcuterie boards while students in business class will create recipe booklets and market the boards and recipes. Profits collected from the fundraiser will go towards the Roger Pacos Scholarship.
Fredonia Central School	Crafts and Cans	Students will be teaching community members how to create a work of art. They will use their unique art skills to provide service to another. In addition, students will be asked to help sort and deliver the food items to the local food bank.
Northern Chautauqua Catholic School	Card Making	Students will create card for nursing home residents. They will engage geometry skills while using CAD to work on scale factor, mirror imaging, arcs, curves, and changing dimensions.
Northern Chautauqua Catholic School	Veterans Service Project	Each month there will be a project related to a social studies topic. Students will collect items to be put into care packages and donated as it relates to the social studies topic.
